SUMMARY

Motivated Computer Science graduate with strong fundamentals in MERN stack development and Python. Skilled in building full-stack web applications using modern JavaScript frameworks. Eager to contribute to a dynamic development team and grow in a fast-paced tech environment.

EDUCATION

Sengunthar arts and science college — Namakkal, Tamil Nadu
Bachelor of Computer Science; CGPA: 7.587 — Oct 2021 – April 2024
Bharathiar University — Coimbatore, Tamil Nadu
Master of Computer Applications — July 2026 – July 2028

EXPERIENCE

Livewire Training Services Pvt, Ltd - Internship — Tiruchengode, India
Python Programming: — Jun 2023 – Jul 2023

- Completed compression Python internship at Livewire, focusing on foundation and basic concepts.
- The Training covered python syntax, object-oriented programming (OOP), error handling, and modules.

PROJECTS

MERN-Authentication System:

- Implemented JWT-based authentication with signup and login functionality.
- Used bcrypt for secure password hashing and middleware for protected routes.

Notes Application:

- Built a full-stack Notes App with CRUD features to add, edit, delete, and search notes
- Designed a responsive UI in React to display the title and search notes.

CERTIFICATION

- **MERN Stack Development** – Nucaza Innovations Pvt. Ltd. (6 months)
  Covered MongoDB, React, Node.js, and Express.js with hands-on full-stack projects.

WORKSHOPS

Artificial intelligence - Novitech:

- One month workshop covering AI fundamentals, algorithms, and real world applications.

Python Programming - Besant Technologies:

- Covered Python syntax, data types, loops, functions, and hands-on exercises.

PROGRAMMING SKILLS

- **Languages**: JavaScript, HTML5, CSS3.
- **Frontend**: React.js, Vite, Axios.
- **Backend :** Node JS, Express JS, REST APIs, JWT Authentication.
- **Database**: MongoDB.
- **Tools& Platforms:** Git, GitHub, VS code, Postman.
